

## Powering Hope and Possibilities

## 2nd Quarterly Report 2023

For the six months from September 2022 to February 2023
Prepared by the Finance Department for the April 27, 2023 Board Meeting

## I BUDGET BENCHMARKS

The second quarterly financial report lists revenues and expenditures recorded to February 28, 2023, representing the first six months of the fiscal year. As there are six (6) months expended in Q2, the normal benchmark for comparison is $50 \%$ ( $6 / 12$ months). For some categories $60 \%$ ( $6 / 10$ months) is used to reflect expenses incurred only during the instructional months. Lastly, for some fees a benchmark of $70 \%$ is used based on historical averages these amounts which are weighted more heavily to the first months of the year.

The Fall 2022-23 Budget was internally prepared by GHSD and all budget points referenced in this report are from this Fall 2022-23 budget.

| Surplus/(Deficit) | -2,787,283 | -2,080,710 | 695,272 | 2,775,982 |  |  |

The surplus of $\$ 695 \mathrm{~K}$ for the second quarter is due to higher than expected other revenues, which includes SGF funds collected by schools and an increase in enrolment of students in International Student Services. Golden Hills also received additional funding from Alberta Education which were not included in original budget.

Supplies and services are expected to increase in tandem with SGF and ISS revenue increases, but typically lag behind revenue recognition. We anticipate these amounts to increase in Q3

## B Notes on Comparison to Budget-Revenues

The $\mathbf{\$ 6 9 5 K}$ year-to-date surplus of revenues over expenses is due, in part, to when payments are received. Revenues weighted heavily to Q1-Q2 include:

- Additional payments from Alberta Education
- SGF net revenue
- International student fees

In these categories, revenue payments are received in advance of expenses. We expect surpluses in the above categories to decrease in Q4 as the full years' expenses are incurred. SGF fees are collected on a cost recovery basis. Surpluses do not constitute net revenue, rather excess cash represents deferred revenue when programs span over multiple periods.

- Additional Payments from Albera Education are normally disbursed on a monthly basis. Exceptions to this are those payments which are received either annually, bi-annually or as a one-time-payment:

| Additional Payments Received Q2 | Amount <br> Received |
| :--- | ---: |
| $\square$ Ukrainian Student Support | 148,500 |
| $\square$ Dual Credit Programming | 138,475 |
| $\square$ Distant Ed 2021-22 Adjustment | 114,750 |
| Student Well Being Mental Health | 49,250 |
| $\square$ Learning Disruption | 46,708 |
| Other Alberta Ed payments | 119,790 |
|  | 617,473 |

- School Generated Funds Included in the Q2 operations are as follows:

SGF Expenses- Q2
Current year Prior year

| Category |  |  |
| :--- | ---: | ---: |
| Trips | 203,020 | 86,925 |
| Cafeteria/Lunch Progran | 222,172 | 167,078 |
| FT Kindergarten | 56,203 | 93,742 |
| Athletics | 549,870 | 381,555 |
| Misc Fees/Exp | $2,053,056$ |  |
| Total | $\mathbf{3 , 0 8 4 , 3 2 1}$ |  |
|  |  |  |

The majority of SGF expenses are incurred in the second two quarters of the school year and represent cost recovery style programs for students.

## C Notes on Comparison to Budget -Expenses

## Certificated Salaries and Benefits

Total certificated salaries and benefits for the Q2 were $\mathbf{\$ 2 4 . 1 M}$ ( $49 \%$ of a $\$ 49 \mathrm{M}$ budget) which is within the range of what the budget would permit by the $2^{\text {nd }}$ quarter. Management typically expects some variation due to hiring of staff which occurs throughout Q1 rather than immediately on September $1^{\text {st }}$, which means labour costs can be lower than budgeted for at the start of the fiscal year.

Notes: Overall, certificated salary and benefit costs are within the budgeted amounts, management does not expect any significant variances in the subsequent 2023 quarters.

## Non-Certificated Salaries and Benefits

Total non-certificated salaries and benefits for the Q2 were $\mathbf{\$ 1 0 M}$ ( $55 \%$ of an $\$ 18.3 \mathrm{M}$ budget) which is higher than the pro-rated budget. A significant portion of non-certificated staff is paid over 10 months and not 12 months; therefore, the expenditure is typically higher for first 10 months but decreases in the last two months of the fiscal year.

Enrolment fluctuations in the fall may require staffing adjustments. As a result the budgeted amounts are often higher in the first two quarters and balance out by the end of the year. Also, payroll costs trend lower over the summer months: we anticipate some fluctuation in quarterly labour costs, but that the annual totals will balance out at year-end.

## Supplies and Services

Supplies and services year-to-date are $\mathbf{\$ 1 2 . 7 M}$ (59\% of $\$ 21.5 \mathrm{M}$ budget). Typically, many of these costs occur over a 10 -month school year and not the 12 -month fiscal year, resulting in higher costs in the first 3 quarters and lower costs in the $4^{\text {th }}$ quarter. Department managers will continue to carefully monitor their budgets throughout the year to ensure they stay within their spending limits.

Overall, supply costs year-to-date at February 28th are 1\% lower compared to the Q2 benchmark.

Because supplies and services are variable expenses, this amount has increased as SGF and ISS revenues have rebounded.

## A APPROXIMATE AVERAGE MONTHLY CASH FLOW VALUES

| Monthly Cash Flow - February |  |
| :--- | ---: |
| Grants | $\mathbf{6 , 3 3 9 , 6 0 8}$ |
| GIC matural | 500,000 |
| Total Cash In | $\mathbf{6 , 3 3 9 , 6 0 8}$ |
|  |  |
| Accounts Payable | $\mathbf{1 , 7 3 1 , 6 8 0}$ |
| Payroll | $5,560,298$ |
| Total Cash Out | $\mathbf{7 , 2 9 1 , 9 7 8}$ |

Included in the grants and accounts payable totals are monthly operating grants and one-time expenses for capital projects.

## B Golden Hills is currently in a positive cash position.

As of February 28, 2023, $\mathbf{\$ 1 1 . 5 M}$ of the cash balance has been invested into GIC's with maturing dates ranging from March $31^{\text {st }}, 2023$ to Dec $23^{\text {rd }}, 2023$, earning yields ranging from $1.6 \%-5.0 \%$. Of these investments, $\$ 2.25 \mathrm{M}$ are cashable within 90 days.

2022 was marked by the Bank of Canada's aggressive interest rate hikes. Golden Hills School Division was able to benefit from these increases and locked in investments into 1 year and longer fixed term GICs. The School Division also timed some investments during the peak of the interest rate market, locking in funds that are yielding above 5\% which we believe will look attractive in your portfolio in a year's time. We have since seen declines in longer term investment options and are slowly seeing declines in short term rates. Economists are predicting that we have reached an interest rate peak. Should Golden Hills School Division have additional funds to invest and as current investments mature, we recommend continuing to monitor your cash flow and lock in funds as long as possible before we see interest rates decline further.

| Total expenses | $\mathbf{5 , 8 5 7 , 0 4 1}$ | $\mathbf{5 , 8 3 1 , 4 3 9}$ | $-0.4 \%$ |

The annualized bottom line agrees to the estimated budget for the year, with some small timing variations in revenue and spending. Management anticipates PO\&M to meet its budget target at yearend.

Note: current year Q2 services, contracts, and supplies expenses have decreased compared to the prior year because of a change in how insurance expenses are recorded. Previously annual insurance premiums were recorded when paid. This year management adopted a practice of recording $25 \%$ of insurance premiums in each quarter to better reflect when those expenses were incurred.

Overall, with careful monitoring of expenses throughout the year, management anticipates
Transportation to meet its budget target by year-end.

## 4. Board and System Administration

Board and System Administration currently has a negative variance of (\$3K) for the two quarters. As anticipated, the expenses which were weighted more heavily in Q1 and created a deficit in that quarter are now more in line with expectations for Q2. No other unusual changes in budgeted to actual expenses have been experienced, it is anticipated that revenues and expenses will remain at a breakeven point to year end.

Note: Alberta Education makes a provision for a separate System Administration Targeted Grant. The 2.8K grant amount has remained static since 2019.

External Services has generated more revenue in 2023 due to the larger than expected number of international students taking part in the program.

External Services includes International Services, joint-use agreements and external contract service agreements. Included within this period is the recognition of $\mathbf{\$ 4 . 5 M}$ of ISS tuition fees revenue, of which \$3.8M was unearned revenue as at Aug 31, 2022. ISS Revenues are received in unequal amounts throughout the year, and most international students prepay tuition several months in advance. As a result, this unearned tuition revenue related to the 2022/2023 fiscal year is pro-rated to each quarter based on an estimation of related expenses (35\%/30\%/25\%/10\%), while expenses are recognized when they occur.

GHSD charges a fixed $3.6 \%$ admin fee to the ISS and Siksika programs to recognize the administrative costs that these programs use, but which are otherwise not directly charged to the program accounts.

Expenses are expected to increase in Q3-Q4 versus revenues and management expects external services to be in a balanced position by the year-end.

## QUARTERLY SUMMARY

Golden Hills continues to manage expenses in line with expected funding despite higher cost inflation in some areas. At the end of Q2 Golden Hills is at the highest expected surplus position for the year. In the following Q3 and Q4 management expects expenses to begin to outpace revenues, which will bring the overall surplus into a budgeted deficit position.

Overall, GHSD is keeping expenditures within the parameters of the Board's May 25, 2022 approved and submitted 2022-23 budget (\$2.8M deficit). Any planned deficit that should occur will be covered by our operating reserves.

We continue to fund programs that are in alignment with our goals and vision of inspiring confident, connected, caring citizens of the world.
