Changes in School Structures and Configurations

Introduction	Date Started
Christ the Redeemer Catholic Schools	September 2001
International Student Services	September 2001
Prairie Christian Academy	September 2004
Northstar Academy	September 2007
Trinity Christian Academy	September 2008

Transfer	Date Occurred
Hussar grades 9-12 transferred to Standard	September 2009
Central Bow Valley grades 9-12 transferred to Standard	September 2009
Hussar grades 7 and 8 transferred to Standard	September 2010
Rockyford grade 9 transferred to Standard	September 2010
Rockyford grades 7 and 8 transferred to Standard	September 2011
Carbon grades 10-12 transferred to Acme	September 2012
Hussar (All Students) transferred to Wheatland Crossing	September 1, 2016
Central Bow Valley (All Students) transferred to Wheatland Crossing	September 1, 2016
Rockyford (All Students) transferred to Wheatland Crossing	September 1, 2016

School Closures	Date Occurred
Hussar grades K-6	July 30, 2016
Central Bow Valley grades K-6	July 30, 2016
Rockyford grade K-6	July 30, 2016
Standard K-12	July 30, 2016

New School Openings	Date Occurred
Prairie Christian Academy K-12	September 1, 2016
Wheatland Crossing K-12	January 2017
Strathmore K-9 School	2018 (potential)

General Information on School Summary Sheet

Golden Hills operates within a system that allows some level of site based decision making. Budget allocations are based on per pupil and contingency (varies annually).

On the summary sheets by school, under allocation of operating expenses the following costs are not included:

1. Pooled – schools are not responsible for all costs associated with operations, some expenditures are more effectively made through centralized pooled costs. Examples include, Inclusive Education, Technology Services, Professional Development and Curriculum Implementation;
2. Plant Operations and Maintenance;
3. Transportation Routes, and
4. System Administration and Governance.

Definitions

5 Year Deferred Maintenance – is a 5 year cycle cost determined through a process that involves an Alberta Infrastructure independent consultant visiting schools with maintenance department staff to determine what building components need to be replaced. This is different from routine maintenance which deals with repairs only of building components. These are two different approaches to facility management.

Budget Operating Expenses – Budget amounts are as of November 30, 2016.

Combined Utilization Rate – Alberta Education calculates utilization based on footprint and student count, not classroom space. When a school reaches 85% capacity it is considered full under Alberta Education standards. The information provided in this report is based on 15/16 enrolment.

Infrastructure Maintenance and Renewal (IMR) – funding is for upgrading or replacing building components to meet regulatory requirements for health and safety, extend the life and quality of school facilities, meet requirements of educational programs and students with special needs, and improve energy efficiency to achieve cost savings. IMR funding is determined using student enrolment (50 per cent), age of building (24 per cent), area of building (21 per cent), geographic location (3 per cent), and other factors (2 per cent).

Projected Enrolment – is reported based on information from Baragar Software which does not include local assumptions. It is based on statistical data from Revenue Canada, Alberta Birth Registry, Census Canada, our own student information system and historical participation rates between school districts.

Please note there is minimal local information taken into consideration when projecting the enrolment number.

Utilities – Electrical, gas, water and sewage charges for building usage – it does not take into consideration whether the school is 30% full or 90% full. Provincial funding is received on a per pupil basis. As a result, schools with low utilization often create challenges in allocating resources for utility costs. Low utilities should not be confused with an efficient building in excellent shape. Building design and other factors such as shared space agreement can also contribute to differences in utility costs.

General Student Population Information

In 2016/2017, Golden Hills operates 38 schools in 12 communities which includes 18 colony schools. Included in these 41 schools are 7 regular high schools and 3 outreach programs. The high schools range in size from 50 to 700+ students. The following chart shows the range in the number of students in each school.

School Population	Number of Schools	Description	Schools
Less than 100 students	22 schools	2 regular schools 2 outreach schools 18 colony schools	Carseland, Carbon Drumheller Outreach, Strathmore Storefront
Between 100 – 200 students	3 schools	3 regular schools	Acme, Dr. Elliott, TCA
Between 201 – 400 students	7 schools	5 regular schools	Brentwood, PCA, Trochu Valley, Wheatland Crossing, Wheatland Elem,
		2 online schools	Northstar Academy, GHSD Learning Academy
Between 401 – 600 students	5 schools	5 regular schools	CMJH, DVSS, Greentree, Three Hills, Westmount
Between 601- 800 students	1 school	1 regular school	SHS

Grade Configuration	School
K – 6	Acme, Brentwood, Carseland, Greentree, Hussar, Rockyford, Prairie Christian Academy, Westmount, Wheatland Elementary
K - 8	Central Bow Valley
K – 9	Carbon, Trinity Christian Academy, Dr. Elliott
7 – 9	Crowther Memorial Jr. High
K – 12	Three Hills, Trochu Valley, Standard
7 – 12	Drumheller Valley Secondary School, Drumheller Outreach, Prairie Christian Academy, Strathmore Storefront
10 – 12	Strathmore High School, Acme
1 - 12	Golden Hills Learning Academy, NorthStar Academy

Gap Analysis

Indicates projected straight-line enrolment. Grade 1 are students' entering school and Grade 12 indicates students graduating. The net effect impacts the schools' overall enrolment.

A positive number projects growth and a negative number indicates decline.

Cohort Group:

- Group of students leaving/graduating.
- The number value represents the difference of the group of students when they entered the school system, in most cases, it is Grade 1.
- For example: + 91 indicates 12 years ago there were 402 students in Grade 1 and 493 students will be graduating in 2016/17. ($493 - 402 = 91$)

GAP ANALYSIS ON ENROLMENT BETWEEN Grades 1 and 12 (Golden Hills School Division Schools)

***This graph indicates a straight line roll up will result in an increase in enrolment of 11 students**
