Powering Hope and Possibilities

Annual Education Plan

Each and every year, all of our schools in Golden Hills, along with our staff, work hard to improve our schools and learning environments to create valuable educational opportunities for our students.

We take the feedback from teachers, staff and parents, as well as our achievement results and use that critical information to report to our school communities and develop a plan to move forward. On the following pages, you will find our 3-Year Education Plan for 2021-2024.

We want every one of our schools to be the first choice for parents and students in their communities. Our staff has worked hard to provide innovative, caring and creative learning environments across all of our schools. We are proud of the work and we are also very proud of our hard working and dedicated schools.

*Laurie Huntley
Board Chair*

About Our Division

Golden Hills School Division is one of the largest employers in rural mid-eastern Alberta. The Division employs approximately 900 people, including bus drivers, maintenance workers, support staff, caretakers, teachers and others. We are all dedicated to supporting student learning in the classroom.

We value our diverse environments and the communities we are part of that are rich with culture and educational opportunities.

Accountability Statement

The Annual Education Results Report for the 2020-2021 school year and the Three-Year Education Plan commencing September 1, 2020 for Golden Hills School Division were prepared under the direction of the Board in accordance with its responsibilities under the School Act and the Fiscal Planning and Transparency Act. This document was developed in the context of the provincial government's business and fiscal plans. The Board has used the results reported in the document, to the best of its abilities, to develop the education plan and is committed to implementing the strategies contained within the plan to improve student learning and results.

The Board approved this combined Annual Education Results Report for the 2020/2021 school year and the Three-Year Education Plan for 2021-2024 on May 25, 2021.

Assurance Model

In the Assurance model, school jurisdictions have greater flexibility in responding to the needs and priorities of their local community while still maintaining provincial standards. Jurisdictions are expected to have a strong stakeholder engagement process to inform local priorities and use this to shape their planning and reporting.

During the 2020-2021 School Year, Golden Hills stakeholder engagement has included:

- Multiple Council of Council Meetings with the Board of Trustees
- Trustees attending portions of regular school council meetings to receive ongoing feedback
- Connecting meetings with Sr. Administration and School Administration (weekly/biweekly/ monthly)
- Regular Sr. Administration meetings with Siksika Advisor Clarence Wolfleg

Continued communication with the Learn from Home program:

- Continued to be connected to schools and classroom
- Online, telephone and in person opportunities to engage families
- Collecting feedback about the transition to return to school in September

These stakeholder engagements sessions has allowed Golden Hills to focus on a review of our goals. For the 2021/2022 school year Golden Hills will use the following as future direction bench marks and priorities in our Assurance Framework:

1. *Every Student is Successful*
2. *First Nations, Métis and Inuit students are successful*
3. *We have quality leadership across our district and in our classrooms*

Our Schools

Golden Hills has 15 regular schools, two Christian alternative schools, two virtual schools, three outreach schools, 19 Hutterite schools and an international program with 300 students from 30 countries.

The communities we work with consist of numerous farms and acreages, Siksika Nation, as well as local towns, villages and countries around the world. Golden Hills is a global community.

Programming in Golden Hills

Golden Hills School Division is proud to offer outstanding programs and school choices for students and parents, by providing a variety of program options. By using an innovative approach to student instruction and student engagement, we complement our excellent academic preparation with valuable opportunities in areas such as...

1. Foundational Skills

Literacy, Numeracy and Technology * Early Literacy Intervention * Leveled Literacy Intervention * Early Numeracy Intervention

2. Critical Skills

Creativity * Communication * Citizenship * Critical Thinking * Collaboration

3. Science & Technology

STEAM/STEM * Media * Computer Programming * Robotics * 3D Design

4. Arts

Fine Arts * Theatre

5. Languages

English as a Second Language * French Immersion * Second Languages

6. Athletics

Outstanding athletics facilities support our athletes and promote a healthy lifestyle. Facilities include the hockey rink, the soccer/baseball field, and the Strathmore Motors Sportsplex.

7. Career Advancement

Registered Apprenticeship Programming * Counselling * Post-Secondary and Work Partnerships

8. Student and Family Support

Early Childhood Services at four of our elementary schools * Family School Community Resource Programs * Learning Support Programs

9. Specialized Programs

Advanced Placement * Honours Programs * Student Leadership Development * Dual Credit Programs

Our Vision for Powerful Learning & Student Success

Our students and their learning are our number one priority. In the past, students have been asked to memorize and repeat information. In our world today, this is no longer enough. Students still need foundational skills, but just as importantly, they need the ability to think critically and creatively to communicate effectively and work together, using innovation to have a positive impact on the world around us.

Classrooms that engage students and involve them in real life problems and projects give our students the best opportunities to develop those skills. Powerful Learning is an evidence-based framework based on the best research that maximizes the opportunities for deep understanding for our students. By incorporating Powerful Learning into our classrooms, every day, our teachers and staff work to support deep understanding and the development of those necessary skills for success beyond the classroom. Golden Hills is working hard to power hope and possibilities, as we nurture the leaders of tomorrow.

Connect with Us!

Golden Hills has launched our Powerful Learning website and Facebook to share our Powerful Learning stories with our communities of parents and educators.

Our Goals

1
GOAL

Every student is successful

WITH THE TIMES

Golden Hills ensures our instruction is up-to-date and that we incorporate technologies and resources that prepare our students for work and life after school.

We are constantly improving the ways we teach our students by implementing high-yield evidence-based strategies.

Our teachers, instructional coaches and leaders are constantly looking for the most engaging ways to teach our students and to set them up for deep learning which will transfer between the classroom and community.

POWERFUL LEARNING

To ensure continued success for all our students, Golden Hills utilizes Powerful Learning.

Powerful Learning is the design and implementation of purposeful and impactful learning experiences that foster deep student understanding of curriculum outcomes and competencies designed to prepare students for future challenges.

Powerful Learning encompasses three main components, Strategic Instruction, Authentic Engagement and Connecting and Contributing.

STRATEGIC INSTRUCTION

Strategic Instruction includes assessments and instructional strategies that foster innovative thinkers, doers and connectors.

AUTHENTIC ENGAGEMENT

Teachers ensure Authentic Engagement by creating a culture and space that is welcoming to students, promotes thinking and involves students in meaningful learning.

CONNECTING & CONTRIBUTING

Connecting and Contributing refers to students' abilities to regulate their emotions, connect with others and make positive contributions to their world now and in the future.

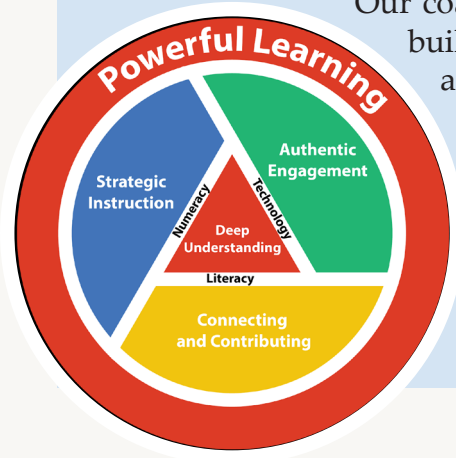

Powerful Learning also ensures Foundational Numeracy and Literacy skills. Our research-based Literacy and Numeracy frameworks guide instruction in our classrooms. Students who require additional support access programs such as Kindergarten Boost, Early Literacy Intervention, Early Numeracy Intervention and Leveled Literacy Intervention.

To prepare students for a digital world, meaningful integration of technology is implemented in our classrooms. Our classrooms are supported with Chromebooks, ActivBoards and iPads as well as access to

robotics and 3D printers allowing students to use these common technologies and to explore different avenues of learning.

Instructional Coaches work collaboratively with teachers and schools to implement Powerful Learning. Instructional Coaches work with teachers in a variety of ways including co-constructing lessons, co-teaching and offering professional development opportunities.

Our coaching team helps to build teacher capacity in areas such as literacy, numeracy, the competencies, differentiated instruction and technology, all in meaningful ways.

PARTNERSHIPS

Strong partnerships allow our schools and our school system to better deliver programming to the individual students who require it.

Golden Hills works collaboratively to ensure success for all students through interagency partnerships such as with the Regional Collaborative Service Delivery, Alberta Health Services, Child and Family Services and school health partners. Together with our partners, we provide specialized supports for diverse learners, including gifted students, students with academic or social emotional needs, LGBTQ students, First Nations, Métis and Inuit students, English Language Learners and students requiring mental health supports.

Partnerships within our local communities and with the broader global community provide the programming options and supports our students need for dual credit, career connections, green certificate, work experience, and apprenticeship programming.

STUDENT ACHIEVEMENT

Student achievement drives instruction and school teams are continually analyzing data, reflecting and enhancing instructional practices to better meet the needs of individual students. To improve graduation and dropout rates, schools are creating a sense of belonging by intentionally connecting with each student. Graduation plans are developed collaboratively with students, parents and staff. Students who require additional courses are contacted and provided with flexible options to return and graduate.

First Nations, Métis and Inuit students are successful

OUR RELATIONSHIPS

Golden Hills partners with the Siksika Board of Education through an Educational Service Agreement that supports 155 Siksika students in our schools. Golden Hills School Division is also proud to have 296 self-declared First Nations, Métis and Inuit students across our school division. In addition to strong relationships with our students and families, we also appreciate the excellent partnership, collaboration and support with Siksika parents, Board and Council leadership and the Siksika elders who work closely with us.

ACADEMIC SUPPORTS

Our staff offers early and late targeted intervention in numeracy and literacy skills and social emotional supports to ensure a stronger foundation for future learning.

The goals of our First Nations Liaisons are to enrich the educational experiences of all of our students and to support the students and families of Siksika Nation. Some of the areas of support are educational achievement, attendance, high school graduation planning, and culture.

ACADEMIC SUPPORTS

Our staff offers early and late targeted intervention in numeracy and literacy skills and social emotional supports to ensure a stronger foundation for future learning.

The goals of our First Nations Liaisons are to enrich the educational experiences of all of our students and to support the students and families of Siksika Nation. Some of the areas of support are educational achievement, attendance, high school graduation planning, and culture.

HIGH SCHOOL COMPLETION RATES

Golden Hills three year First Nations, Métis and Inuit graduation rates are **above** the provincial graduation rates for Provincial First Nations, Métis and Inuit students.

CULTURAL OPPORTUNITIES

Our schools create inclusive and safe spaces for all. Our teachers infuse First Nations, Métis and Inuit culture within various curriculum areas and the school environment. We also provide Blackfoot language instruction, hold cultural events, such as pow wows, and blanket exercises, organize cultural field trips, and host guest speakers, providing a plethora of cultural opportunities at our schools.

FOUNDATIONAL KNOWLEDGE

Our Division continues to play an active role in developing cultural awareness. Our district focus group strives to gather and implement best practices in First Nations, Métis and Inuit education across the system. Furthermore, our teachers and leaders engage in numerous professional development opportunities and work towards increasing their foundational knowledge of First Nations, Métis and Inuit culture, in order to foster an informed and culturally aware learning environment for our students.

3

GOAL

We have quality leadership across our district and in our classrooms

LEADING AND LEARNING

We have a number of mechanisms to support school leaders, who are the primary supports for leaders in our classrooms. Such mechanisms include Leaders for Learning, collaboration opportunities for our school administrators, admin planning support meetings, new administrator support, orientation and membership.

Providing the best educational experience and best opportunities for success means supporting our leaders in our schools and in our classrooms. District-wide systems and support to ensure Powerful Learning in our classrooms include collaborative job-embedded teams of teachers, instructional coach supports, collaborative leadership development and local decision making. Teachers and school administrators who are well prepared and well supported do their best work in support of student success in classrooms.

CLASSROOM LEADERS

Our classroom teachers are absolutely key in creating Powerful Learning environments and ensuring student success. We work hard to provide a variety of ways to support our teachers. Such mechanisms include Leading and Learning, Collaborative Days, Instructional Coaches, focus groups, Professional Learning Communities, district professional development, external expert support and teacher supervision and observation.

CITIZENSHIP

83.3% GOLDEN HILLS

GOLDEN HILLS CLASS SIZES

In three out of four grade groups, we have exceeded provincial expectations for class targets.

In the case of our primary classrooms (K-3), our average class sizes (18.6) were only 1.6 above the Alberta target (17). In many of these situations, we provide additional supports to ensure excellent learning environments for our students.

SUMMARY

- Golden Hills spends on average 3% of its total operating expenses on administration, well below the 3.6% limit allowed. Therefore, we are able to direct more resources to the classrooms.
- 87% of our revenue comes from the provincial government.
- This site-based funding model advantages:
 - Keeps resources in the classroom;
 - Keeps decision making closest to the student; and
 - Encourages creativity and innovation in our schools.

Facilities and Capital Plans

Each year, school boards submit their facility needs to Alberta Education for the next three years.

Golden Hills has appreciated the support from Alberta Education in the Capital Planning process thus far. Most recently, they have funded the construction of two new schools: George Freeman School in the Strathmore area and Wheatland Crossing School in the Wheatland County area. In both cases, there was a significant partnership with local municipalities and parent groups, who raised considerable funds to enhance the projects.

This year, Golden Hills has requested a modernization of Acme School (K-6, 10-12) as our number one priority. This school requires a number of upgrades to support learning and all members of the school community. Acme School

needs a learning commons, Career and Technology Studies areas, handicapped access for students and community members to an appropriately sized gym, front entry upgrades to ensure student safety and security, and gathering areas appropriate for students. In addition, spaces are desperately needed to support innovative partnerships with local businesses and career learning opportunities for Acme students.

The Acme Alumni Association has already been very successful in raising significant funds to enhance whatever support we receive from Alberta Education.

Westmount Elementary School is also a Golden Hills priority and currently has over \$5M in maintenance costs needed over the next 5 years.

Acme School Tri-Campus Community Innovation Centre

The four areas of focus for this project include:

1. Repurposing of existing gymnasium and entry areas to accommodate a community-based rural innovation and learning centre.
2. Modernization to develop safe, secure and accessible places for students, staff, parents and community partners and business partners.
3. In partnership with the community, construction of a new gymnasium to improve athletic programming and afford improved community use of the facility.
4. Acme School does not have a CTS/Shop space – nor do they want one through this project. You cannot replicate private enterprise.

Capital Maintenance and Renewal Funding

As part of the Government of Alberta's economic stimulus funding package Golden Hills School Division received \$2.476 M. These funds were an acceleration of the long term maintenance and renewal strategy for school buildings. This stimulus package went towards keeping our infrastructure up to date and safe.

Projects included upgrades to building management systems, classroom remodeling, exterior window replacements, floor replacements, roof replacements, as well as washroom renovations and additions.
